

Flower (Closeup) Photography

[Gallery](#)

This workshop focuses on close-ups of flowers, blossoms and plants. We will discuss which camera settings are important for close-ups and give you tips on how to take sharp photos and how to compose them.

What to bring

Camera, fully loaded battery, empty memory card.

A prime lens between 10 and 50 mm or a zoom lens (max. 200 mm). Best is if the lens has Macro capabilities.

Also, if available magnifying filters and/or Macro Extension Tubes.

A tripod, if you have one a cable- or remote release.

Price

65 €

(*Admission is included in the price of the workshop)
